SAY HELLO!

ABDi is the new access control system that will be powering our gates and amenities. Upgrading technology to utilize both access cards and QR codes to streamline access and services.

0 1.

## PHOTO ID'S

With the implementation of a new gate access system, comes new access cards! These upgraded access cards will be Member's new gate card, as well as replace wristbands for amenity access. Cards will be per-person, and must be kept on the Member to present or scan as needed. Photo IDs are non-transferrable.
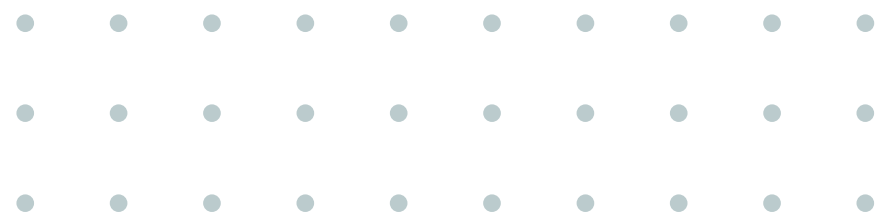

ABOVE: Example of new photo ID access cards.

WHO NEEDS A PHOTO?

Currently, gate cards are used as the only access through the gates for everyone.

Once upgraded, Photo ID Access cards will only be issued to:
Owners,
Residents of a Property,
Long Term Tenants,
and Associate Members.

QR CODES

QR codes will be replacing all guest gates cards with ABDi. Owners who log into their Gate Access portal, will be able to register their visitors and send them a QR code. This QR code will be for the guests to use at the gates and all amenities.

Valid From:	3/17/2024 to 3/29/2024

Destination:	ALCA Employees

EXAMPLE: QR code able to be sent straight to a guests phone to be scanned for entry.

SCANNING A QR CODE

QR codes will be guests access to gates, pools, lower level, events, beaches and the Lodge.

Can be sent and scanned on a mobile device, or smart watch.

If a smart phone is an available, guests can still check into the Welcome Center for a printed copy.

Can only be used and scanned by the registered guest, and can not be double scanned at any facility or gate.

03.

ASSOCIATE MEMBERSHIPS

Annual Membership for family of an owner that provides unlimited access to the property.

PHOTO ID

Associate Members will need to upgrade gate cards to a photo ID. This will grant gate access to the property without needing a guest pass each visit.

Associates would still require separate access to amenities.

AMENITY ACCESS

For Associates to be able to use their photo id card for amenities, there is an annual additional fee.

QR Codes required that count towards the property 6 required without.
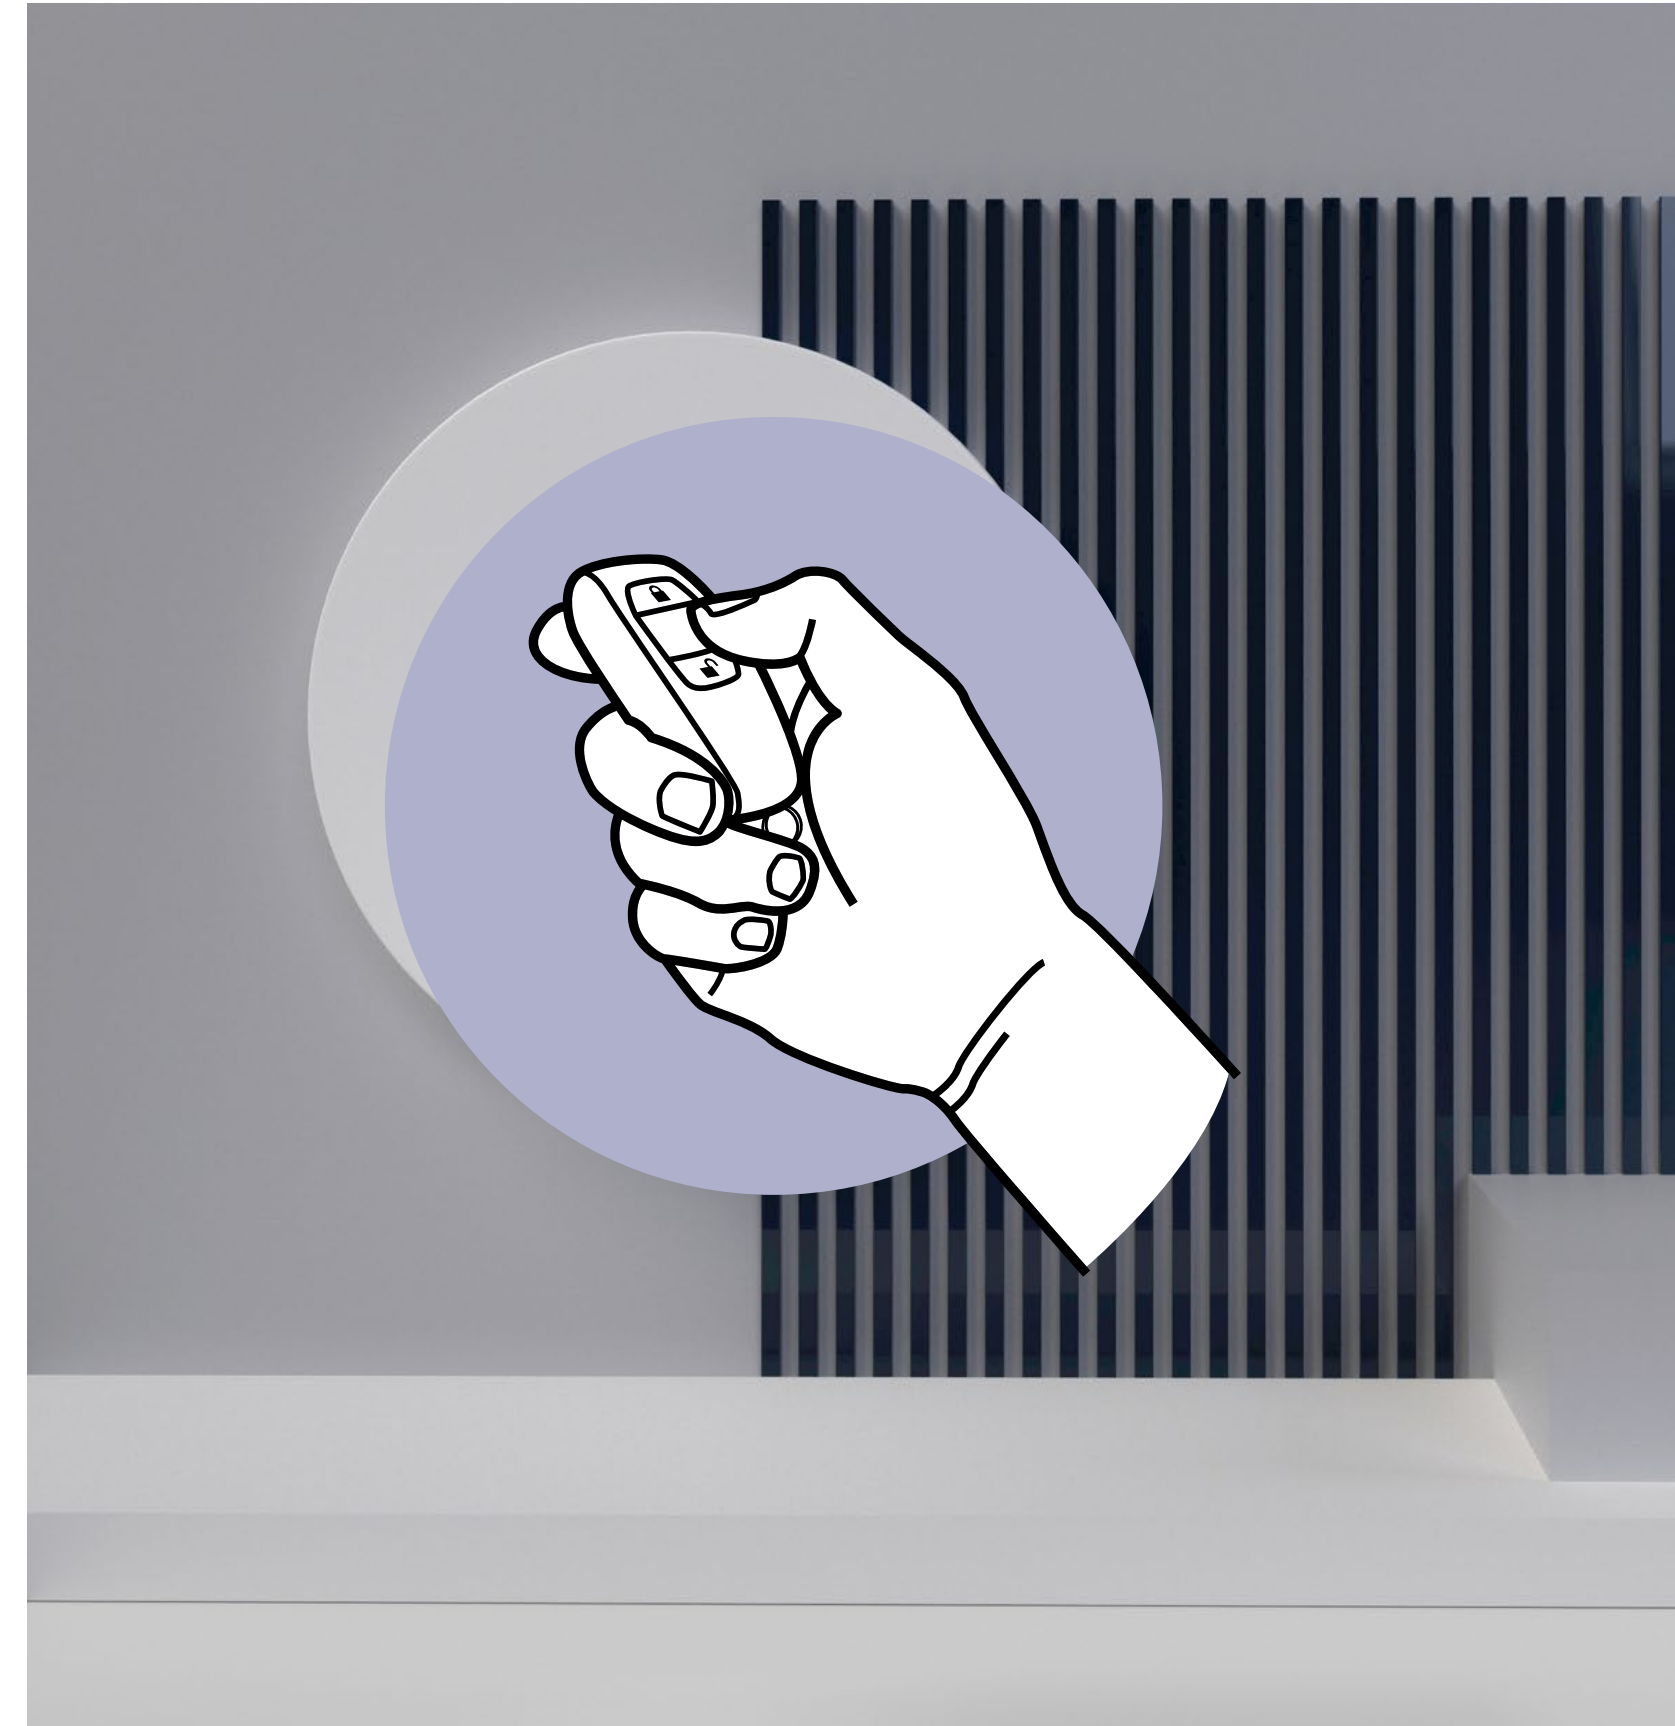

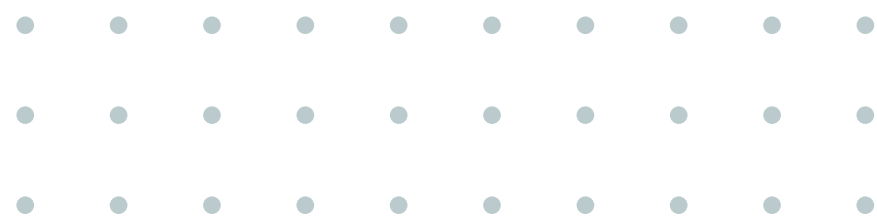

04.

KEY FOBS

Remote fob that can be used for cardless gate access.

KEY FOBS & ABDI

Yes! Key Fobs are not going anywhere with the upgrade to ABDi.

Key Fobs should have uninterrupted access to the gates, however, if your key fob does not work after the switch, please just stop by the Welcome Center. We will update it!

MEMBER GATE ACCESS PORTAL

Online and App based portal for Owners to view account and register guests.

MEMBER PORTAL

Separate from MyALCA, the membership portal for ABDi will give owners access to view the information on file in the office. This will be real-time with our gate software, and guests can be issued a QR that allows them to use it right away from a mobile device.

GATEACCESS.NET

Why use the Member Portal?

Account Overview

Owners can view property information, update contact information, view community information, and more!

Text Alerts
